

Doc. Niki Giada

Physical Therapist - Specialist - Training - R&D consultant

My name is Niki Giada and I am a Physical Therapist, Trainer/Educator, and R&D consultant.

In the latest 6 years, I've worked with hundreds of customers of all the World, all around the World, as Specialist of an Italian and Chinese companies leaders in Rehabilitation Devices and Physical Therapies (such as Ultrasounds, Lasers, Radiofrequency, Shockwaves...).

I have been in touch with several cultures and healthcare realities, especially in China, where I did over 17 speeches, conferences, a dozen of training, in the main Hospitals of all the countries, thanks to Xiangyu Medical Equipment of Anyang.

Thank EME Srl (Italy) I did live demonstrations and support at MEDICA 2017 and MEDICA 2018, years of R&D consultations and training for their foreign customers.

My mastery is Physiotherapy and Rehabilitation, my passion is Science and Technology, so I can handle several rehab equipment and medical too (*such as medical imaging tech*) with a deep knowledge of physics and biology.

Thanks to the training services and COVID19 lockdown, I have experience of Virtual Training and Virtual Rehab/Care.

In this PDF you can see some pictures of my activities and a classical EUROPASS curriculum vitae.

Courses of Personal Interest

The courses have been followed online through the "Coursera platform", vary from 6 to 9 weeks of course and are taught by the major American and British universities. The "Verified Certificates" are made through an identity verification mechanism, for a fee. The links to the relevant certificates and courses of study carried out can be consulted through the LinkedIn profile:

- The diversity of exoplanets - Université de Genève - Coursera July 2014
- The Brain and Space - Duke University - Coursera June 2014
- **Global warming**: the science of climate change - University of Chicago - Coursera Verified Certificates - License PN5VETAGX9
- AstroTech: the science and technology behind astronomical discovery - University of Edinburgh - Coursera
- The Science of the Solar System - Caltech - Coursera
- **The world view of Relativity and Quantum Mechanics**-La Sapienza University of Rome - Proff. Rovelli - Coursera

EDUCATION AND TRAINING

Scientific High School Diploma

Scientific High School "G.Marconi" [1998 - 2002]

Address: Pesaro (Italy)

Specialization: Experimentation of Sciences Laboratory activities, Collaborator with the Department of Physics for laboratories and ECDL and Private lessons to ECDL students of the "University of the free age" Contact persons: Profs. Rossini Riccardo (Dean of the G. Marconi Scientific High School), Proff. Lisotti Roberto (Dean of ICS Pian del Bruscolo) Prof. Mazzacchera Antonia and Rondina Paola.

Degree in Physiotherapy

Marche Polytechnic University [2004 - 2008]

Address: Ancona (Italy)

Acquired Skills: I did an internship at numerous public health facilities throughout the north of Marche, for a total effective period of 1 year and 8 months, for 5 days a week, 6 hours a day. I can say that I have had a fair amount of experience in the hospital environment.

Popular Facilities:

- Marche Regional Hospital
- INRCA Ancona
- Santo Stefano "Villa Adria"
- Don Gnocchi "Beniamini"
- Santo Stefano di Porto Potenza Picena
- "Santa Croce" Hospital in Fano
- Fossombrone Civil Hospital
- "Santa Maria della Misericordia" hospital in Urbino

LANGUAGE SKILLS

Native language: **Italian**

Other languages:

English

I LISTENB2 **READING**C1 **WRITING**B1

ORAL PRODUCTIONB2 **ORAL INTERACTION**B2

Chinese

ORGANIZATIONAL SKILLS

Organizational skills

In my business I managed commercial, logistics, supplies, maintenance, cleaning, public relations, graphics and advertising. In the past I managed and created online forums as an administrator. At the moment I am moderator of the "PHYSIOTHERAPY" group on Facebook, with over 30 thousand subscribers.

COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills

I stand out for my communication and dissemination skills, regardless of the number of people in front of me, the age range of the target or professional category.

- From 1996 to 2003 member of the Pesarese Amateur Astronomers Group, engaged in dissemination and teaching of amateur astronomy in various institutes. Contact persons: GAP, Fabio Arcidiacono, Giovanni Panziera, Francesco Bocchino.
- 2002 - 2003 Committed to setting up the "Villa del Bali" House of Science and Astronomy Museum in Saltara, through the creation of scientific workshops and animations. Here I had a real professional training in dissemination and speaking techniques by professionals in the sector. Contact person: Massimo Fucci.
- Since 2014, thanks to the work of Specialist for EME srl and Xiangyu Medical Equipment, I have supported training and conferences in front of all kinds of audiences all over the world.

PROFESSIONAL SKILLS

Professional skills

Thanks to the University Training, as well as the canonical knowledge related to exams, I can say that I have also acquired:

- fundamentals of multidisciplinary teamwork
- short-term and long-term goal planning skills
- patient management
- control of the unexpected
- bases of hospital dynamics
- ability to handle "loads"

Thanks to my personal studies, courses and private work I have acquired the following skills:

- Manual therapy: Maigne, Chaitow, Cyriax, Acupressure, Vertebral manipulations
- Trigger points: considerable knowledge through Travell and Simons school and Ticchi Method (training courses)
- **Neurology**: clinic, neuro rehabilitation, mental imagery, motor imagery, mirror neurons, stroke ...
- **Instrumental Therapy**: ultrasound, low power laser, electrotherapy, magnetotherapy, **tecar therapy, on de shock, high power laser** and all the related physics
- Kinesiology tape: Kenzo Kase method
- Postural re-education: Souchart method, basic.
- Stretching: I believe it is more than practical on the subject, which helps in all sports and work contexts, in the prevention of accidents, work and sports pathologies.
- **Rehabilitation in the water**(training course)

OTHER SKILLS

Other skills

Sports Skills:

- Martial Arts from the age of 7: Judo, Tae Kwon Do, Capoeira (5 years), Traditional Chinese Shaolin Kung Fu (15 years) and Chen style Tai Chi (occasional). Competitiveness of all levels.
- Running and Trail
- Skating, Trekking, Soft Air.

Hobby Skills

- Photography
- 3D printing
- Construction and processing in metal, wood and plastic.
- Theoretical and practical Basic Electronics.

TREATMENT OF PERSONAL DATA

Treatment of personal data

I authorize the processing of personal data contained in my curriculum vitae based on art. 13 of Legislative Decree 196/2003 and art. 13 of EU Regulation 2016/679 concerning the protection of individuals with regard to the processing of personal data.

I authorize the processing of my personal data present in the CV pursuant to art. 13 d. lgs. June 30, 2003 n. 196 - "Code regarding the protection of personal data" and art. 13 GDPR 679/16 - "European regulation on the protection of personal data".
